METHVEN Aurajet®

Invisible nozzles generate individual jets of water that collide against precisely angled surfaces hidden within the contours of the unique halo-shaped showerhead. The result is a stunning fan of luxuriously dense droplets that deliver a highly efficient shower with **20% more spray force** and **2x the amount of skin contact**.

METHVEN Satinjet®

Satinjet uses twin-jet technology to create optimum water droplet size and pressure, with over 300,000 droplets per second. The result is an immersive, full-body shower sensation that your transforms into an experience like no other.
